Campus-Wide Power Outages Scheduled for Next Three Consecutive Weekends

LCOR has scheduled three campus-wide power outages for the next three consecutive weekends to modify and make repairs to the main electrical distribution system. These outages will occur on August 12 - 14, August 19 - 21, and August 26 - 28. On each of these weekends, power to the entire campus will be turned off during the following times:

Friday 8:00 p.m. through Saturday 6:00 a.m.
 Saturday 5:00 p.m. through Sunday 6:00 a.m.
 Sunday 6:00 p.m. through Monday 4:00 a.m.

During these times, employees and contractors will not be permitted in the buildings. However, at all other times during these three weekends, power will be restored to the buildings and employees and contractors will be able to work in the buildings. Employees in Alexandria should power off their workstations before leaving work on Friday evening. It is also recommended that you allow yourself enough time to exit the Alexandria campus before 8 p.m. on Friday. If you are considering working when the buildings are operational, you should contact the Security Command Center on (571) 272-2786 to ensure systems are available and the building is open to employees and contractors.
